The upper arm should be a little longer but is quite well angled. The shoulder blade is set just slightly steep. Deep hindquarter angulation. Pronounced fore and good underchest, where the elbows are just a little open in stance. Very well pigmented. She steps a little narrow at rear, where the hock joints should be much firmer. She steps wide in front and the elbows should be tighter. In movement she displays strong rear drive with good reach, maintaining a good wither line and good overall firmness.

2. **ASTASIA UNA AZ** (*Ch. Xaro vd Plassenburg aED H-Neg (Imp Deu) x *Astasia Yoko AZ)
19 months 61cm. Very large, medium strong, expressive black and gold female of good type. Well proportioned. Ideally the skull and fore face should be a little stronger. The ears are set a little low on the skull. The neck should be a little longer. Level withers. The back line is curved. The croup is slightly short and steep and the tail is set a little high. The upper arm is of good length but is slightly inclined. Very good hindquarter angulation. Good fore and underchest. The coat is a little rough on the backline and detracts from the overall picture. Ideally the saddle line should be a little darker, standing not quite correct in front, stepping a little narrow in both front and rear, hock joints should be a little firmer, ears should be a little firmer, the bones should be much stronger, displays good drive and reach and a good sequence of steps. Very Good.

Open Bitch

1. ***CH CASTASTAR ALEXI ET PT AZ** (*Zony vom Haus Gerstenberg aED (Imp Ger) x *Aus & NZ Ch. Astasia Cinnamon AZ RN ET HT)
5 years 5 months 61cm. Very large, medium strong, expressive, slightly elongated, black and gold female, that presents a very good picture in stance. The planes of the skull and foreface are not quite parallel and the lips should be a little tighter. Slight roman nose. Powerful, strong neck, high withers, firm back, which displays just a slight incline in the top line. The croup is a little short and slightly steep. Very good length and angle of the upper arm and shoulder, very deep hind quarter angulation. The hocks should be firmer in stance. Very good length of foreleg, where the pasterns should be much firmer and the feet a little tighter. Pronounced fore and underchest. She is shown in slightly heavy and out of coat condition. Stepping narrow both front and rear, where the hock joints should be much firmer. In movement demonstrates strong drive with very good reach maintaining a firm over line.
2. ***ASTASIA JOSI AZ** (*Zony von Haus Gerstenberg SchHIII a ED H-Neg (Imp Deu) x *Astasia Venus AZ)
3 years 6 months 58cm. Above medium size, medium strong, well coated, black and gold female of good type. Slightly stretched proportions. Ideally the skull and foreface should be a little stronger, medium eye colour with good ear carriage. The neck should be a little longer, level wither, firm backline, slightly short croup. Ideally the upper arm should be a little longer, slightly deep hindquarter angulation where there is an imbalance in the length of the upper and lower thigh. Good fore and underchest, good length of foreleg, where the pasterns should be a little firmer. Stepping a little wide at rear, correct in front, the hocks and elbows should be a little firmer. She shows much energy in movement with good drive and reach maintaining a good backline.
3. ***KANTENNA CODE BREAKER AZ** (*Andacht Feel the Fire AZ x *Amstine Dont Tell AZ)
3 years 3.5 months 61cm. Very large, medium strong, expressive, black and red gold female of good type, presented in out of coat condition. Expressive feminine head where the eyes should be a fraction darker. Rather large ears. She has very good masking. The neck is set just slightly erect into high withers, firm back and slightly short, slightly steep croup. The upper arm should be just a little longer, deep hind quarter angulation. Good fore and pronounced underchest. She should have a little more tuck up. The pasterns should be firmer, stepping correct front and rear, the hock joints should be a little firmer. In movement she displays strong rear drive with a tendency to high step on the reach, whilst maintaining a good over line.

4. ***KANTENNA SO WHAT AZ** (*Ch Orrinshir Elton John AZ x *Ch. Kantenna Coz I Can AZ)
2 years 9 months 60cm. Large, medium strong, elongated, well coloured, well pigmented black and red female of good type. Expressive feminine head where the eyes should be darker. Very good masking, with rather large ears. The neck is set just slightly erect, into level withers, firm back, and a quite well moulded croup. The upper arm should be longer and better angled, deep hindquarter angulation. Good fore and underchest with very good length of foreleg, however, the pasterns should be firmer. She is shown in slightly out of coat condition. Stepping a little narrow at rear where the hock joints should be firmer, toes in slightly at front. In movement she displays very good drive and reach, maintaining a good over line.
Excellent.

1. **CASTASTAR ERAGON** (*Xaro vd Plassenburg aED (Imp Deu) x *Ch. Castastar Alexi AZ)
66.5cm. Very large, strong, substantial, animated black and light gold dog. I would like to see the colour stronger. Good head and expression, dark eyes, he should stand more correct when viewed from the front, high withers, firm back, the croup should be a little longer but is well laid, powerful neck, very good length of the forelegs, good fore and underchest development. In the individual presentation he was a bit unruly. Stepping behind the hocks should be much firmer, stepping a little wide in front, during movement he shows good drive and reach, the back should remain a little firmer. Ideally the fore reach should be a little more extensive. Size is a problem.

Summary;

***LABO vom SCHOLLWEIHER aED H-Neg SchHIII (Imp. Deu)**
***CH. INDIO DI CASA NOBILI HIT HD-ED H-Neg (Imp Italy)**

There were a number of beautiful dogs in the show and the atmosphere and management of the event was refreshing and a credit to the show committee and its President Sharon Ballantyne.
Issues to be observed in breeding; There were far too many bitches standing on the absolute maximum size. The issue of the normalizing of the downward lumbar spine bend was discussed with exhibitors. Many exhibits are on the cusp or over angulated in the hindquarters. Large ears are increasing. Short upper arms predominated all classes.
