**GERMAN SHEPHERD DOG CLUB OF QUEENSLAND**  
**STATE BREED EXHIBITION**  
**14<sup>th</sup> September 2014 - Judge: Mrs JM Neddermeyer.**

I would like to take this opportunity to thank the committee of the German Shepherd Dog Club of Queensland for the invitation to judge the 2014 State Breed Exhibition (SBE).

The venue is superb the weather was excellent and it was a great weekend discussing and viewing the breed that we love the '*German Shepherd Dog*'.

As I stated over the weekend, every time I judge I make a statement about what I believe is the ideal german shepherd dog and promote animals that I believe can contribute to the further development of the breed here in Australia.

As breeders we should be very proud of the development of the breed over the past fifty years, not only in the overall construction but to the overall soundness of both body and mind.

Overall I must say that the numbers were disappointing and for clear breed direction be given it is imperative that the majority of the breeding animals in that state at that particular time are presented to the judge/s for assessment.

Zony Haus Gerstenberg was the only sire to present a progeny group. The group consisted of all females, standing on the upper limit of size, medium strong, of overall very good proportions, and slightly mixed in type. The upper arm while of good length should be better angled, very good hindquarter angulation with very good firmness of hock joints and good firmness of elbows. During movement show very good ground covering gait with balanced hindquarter drive and forehand reach, very good back transmission. In some cases the bones should be a little stronger and the gold colour should be a little more intense. This sire has regularly presented a progeny group at the National Show and Trial since his release from quarantine in 2010 and again presented an overall pleasing group.

Over the weekend I did note some areas which we need to consider in our future breeding programs and care needs to be exercised when considering a future breeding partner.

The major areas are outlined below:-

- Slightly deep to over-angulation of the hindquarter
- Slightly short lowerchest formation
- Length and angle of the upper arm
- Standing within the desired standard of size

It needs to be noted that nobody has all of the answers in regards to the producing ability of any particular animal however the well bred and well constructed males should be given the opportunity to continue the development of the breed here in Australia and not just because there are imported, our locally bred animals. We have locally breed males of far above average quality that are very competitive in the show ring and carry our very sound producing bitch lines, so there is a greater degree of predictability and compatibility to our established lines. Careful research is required and breeders should just not use the '*flavor of the month*' so to speak.

I would like to thank my steward and stenographer for their assistance during the show it was very much appreciated and I hope that they enjoyed the experience. My critiques are quite extensive and I hope everyone enjoys reading them,

In closing thank you to the exhibitors for their entry, for their sportsmanship behavior and for everyone making my day very enjoyable. I would like to take this opportunity to wish everyone all the very best for the future when exhibiting and in their breeding program.

Joylene Neddermeyer

## **LONG STOCK COAT - FEMALES**

### **OPEN BITCH**

**Age: 2 years and over**

### **GRADING: EXCELLENT**

- 1<sup>st</sup>. \*CH. AWESAMSHEP CASSIA A Z** – ( \*Ch. Astasia Eli CD HIT ET A Z x  
\*Awesamshep Anna A Z)

2 years  $\frac{3}{4}$  months 61cms. A very large, medium strong, well proportioned long stock coat bitch of very good type. Very good length of neck, normal withers, firm back in stance, slightly short and steep croup. The upper arm should be longer and better angled. Very good hindquarter angulation. Stands correct in front, with slightly open feet. Still good forechest development, the under chest should be a little longer. Good head and expression, with very good masking, good eye colour and good ear carriage. Steps slightly narrow at rear where the hock joints should be firmer. Steps correct in front, the elbows should be close laying. During movement, shows balanced ground covering movement with good hindquarter drive the forehand reach could be freer and ideally the ligamentation over the back should remain a little firmer. The good movement was maintained during the loose lead exercise. Carrying the lines of Quenn Loher Weg via her sire line and Zony Haus Gerstenberg via her mother line has a well constructed pedigree to further develop the long stock coat variety in this country.

- 2<sup>nd</sup> \*KAYROSSI MS KOMOTION A Z** - ( \*Hero v Renderau a ED (Imp. Bel) x  
\*Kayrossi Ms Demeanour A Z)

2 years 3 months 62cms. An oversize, medium strong, beautifully coloured and well pigmented, long stock coat bitch of overall harmonious construction and of very good type. Good length of neck, high withers, firm back, well moulded croup which could be a fraction longer. The upper arm is of good length but could be slightly better angled. Very good hindquarter angulation. Presented in very good condition, and presents a very good picture in stance. Stands not quite correct in front with very good forechest development, the underchest could be longer. Very good head and expression with medium eye colour. Steps slightly narrow at rear, slightly wide in front with good firmness of hock joints, the elbows should be close laying. During movement shows very good ground covering, dynamic, free flowing movement with very good back transmission. Her very good movement was maintained during the loose lead exercise. As a daughter of Hero Renderau carries the bloodline of Yukon Bastillie and via the mother line carries the lines of Sanjessa Crusty Demon so again has a well-constructed pedigree which should further develop the long stock coat variety in this country.

**4<sup>th</sup> CASTASTAR DELILAH HT – (\*Yester Vom Feuermeler HD/ED (Imp. Gmy) x \*Ch. Castastar Alexi A Z)**

11months Very close scissor bite. A very large, strong, substantial somewhat masculine bitch of very good proportions that should be overall firmer in ligamentation. Slightly short neck, high withers, firm back, slight rise over loin, slightly short and steep croup. The upper arm should be longer and better angled. Very good hindquarter angulation. Slight paling on inside of the legs. Stands not quite correct in front with good fore and pronounced lower chest development. The lowerchest should be a little longer. Strong slightly masculine head with good strength of skull and foreface. The ears are set slightly close. Steps cow hocked at rear, narrow in front, the elbows are tucked in, the pasterns should be firmer. During movement, shows good ground covering gait where both hindquarter drive and the forehand reach should be more expansive and overall ligamentation should be much firmer.

#### **MINOR PUPPY BITCH**

**Age: 6 months and 1 day under 9 months**

#### **GRADING: VERY PROMISING**

**1<sup>st</sup> BRONACRE ULURU MATILDA – (\*Ch. Bluemax Salt A Z x \*Bronacre Philadelphia Freedom A Z)**

7¾ months An above medium size, strong, substantial, well coloured and well pigmented bitch of very good type and harmonious construction. Good length of neck, normal wither, firm back, short and steep croup. The upper arm could be slightly longer and better angled. Very hindquarter angulation. Stands not quite correct in front, with slightly upright pasterns. Very good feminine, expressive head with medium eye colour, very good masking of skull and foreface and very good ear carriage. Impresses with her overall strength and harmonious construction for her age. Steps slightly narrow at rear, correct in front, the elbows should be closer laying. During movement shows very good ground covering gait with balanced hindquarter drive and free forehand reach. Ideally the ligamentation over back could be just a fraction firmer.

**2<sup>nd</sup> BLUEMAX JADEITE – (\*Toby von Plassenburg Sch.H2 IPO3 HD/ED (Imp.Gmy) x \*Chayessa Gemica A Z)**

7½ months A large, medium strong bitch of still good proportions. Level withers, firm back, slight rise over the loin, slightly short and slightly steep croup. The upper arm could be longer and better angled. Slightly forward placed shoulder blade. Very good hindquarter angulation. Stands correct in front with slight upright pasterns. Good head and expression with good eye colour and good ear carriage. The skull and foreface could be slightly more developed. Steps correct in front, with good firmness of elbows, slightly

narrow at rear, the hock joints should be a little firmer. During movement, shows good ground covering gait where both the hindquarter drive and forehand reach should be more expansive. The length of the lower chest impediment becomes more apparent during movement where the withers should be carried higher.

**3<sup>rd</sup> ASTASIA NEENA (AI) – (\*Zony von Haus Gerstenberg Sch. H111 a ED H-neg (Imp. Gmy) x \*Astasia Davina A Z)**

7<sup>3</sup>/<sub>4</sub> months An above medium size, medium strong, slightly compact bitch of very good type. High withers, firm back, slightly short and slightly steep croup. The upper arm should be longer and better angled. Very good hindquarter angulation. Stands correct in front with slightly upright pasterns. Still good forechest development, slightly short underchest. Ideally the skull and foreface should be more developed. Steps slightly narrow in rear, correct in front, where the elbows should be a little closer laying. During movement shows good ground covering gait with strong hindquarter drive, the forehand reach should be freer, very good back transmission. Slight discolouration of the black saddle markings.

**GRADING: EXCELLENT MERIT**

- 1st \*CH. BLUEMAX SALT A Z** – (\*Ch. Jimmy vom Barutherland Sch. H111 a ED H-neg (Imp. Gmy) x \*Bluemax Sophie A Z)

4 years 64 cm. A dog that stands well within the desired standard of size. A very expressive, masculine dog of overall very harmonious construction. Good length of neck, high withers, firm back and just slightly short croup which is still of good lay. The upper arm is well angled but could be slightly longer. Very good hindquarter angulation with very good breadth of thigh. Stands correct in front. Very good masking on foreface, the markings on the skull marking could be more slightly more defined, very good eye colour, very good ear carriage Steps slightly narrow at rear, correct in front, the elbows could be fraction closer laying. During movement shows an expansive dynamic gait that covers the ground with much ease whilst maintaining a very good top and underline. A son of Jimmy Baruther Land stands in the type of his father and typifies the attributes of this bloodline. Bluemax Sophie is a Cayos Noriswand daughter and in her own right is a bitch of good anatomical construction that also was awarded highest grading of Excellent Merit at this show. Particularly praiseworthy is how all parts blend together without exaggeration and complies to the desired GSD type outlined in the standard. Suitable to bitches requiring reduction in size, overall improvement in anatomical construction and firmness and dryness. His excellent movement was maintained during the loose lead exercise. Two progeny were exhibited in the show today 1<sup>st</sup> place Puppy Bitch (Long Stock Coat) and 1<sup>st</sup> place Minor Puppy Bitch (Stock Coat). I congratulate the owners and breeders of this animal presenting him in excellent condition. As a current member of the NBC Executive I look forward to viewing a progeny group in the Sires Progeny at a future National Show and Trial. A male that I believe should be very beneficial for breeders to consider in their future breeding program.

Congratulations on being awarded the Sieger title and the grading of Excellent Merit.

**2<sup>nd</sup> \*ENOSCH DI CASA NOBILI a ED (IMP. ITALY) - (\*Enosch von Amasis a ED (Che) x \*Raika Terrae Lupiae a ED (Ita)**

2 years 8½ months. 66cms. A very large, medium strong, well coloured, young dog of overall very good type and proportions. Good length of neck, high withers, firm back, slightly short and slightly steep croup. The upper arm is of very good length but should be slightly better angled. Just slightly deep hindquarter angulation. Stands correct in front with very good fore and lower chest development. Strong masculine, expressive head with very good masking to both the skull and foreface. Medium eye colour. Slight injury to tip of left ear. Steps slightly narrow in rear, correct in front During movement shows very good ground covering gait with balanced hindquarter drive and balanced forehand reach. His sire is Enosch Amasis, (VA) and his mother Raika Terrae Luipiae has also received the grading of VA. . At the 2014 Seiger show his sister was awarded the grading of VA with another sister being placed Excellent 3 in the Open Bitch Class. As this dog was only released from quarantine at the beginning of the year, no progeny were exhibited at this show. A well bred dog with a very good pedigree and overall a dog that should be useful in our breeding program here in Australia. Some care to be exercised in regards to size and angulation of the hindquarter. Particularly pleasing is the height of wither, very firm topline, overall colouration and pigmentation and self assured character. As a young dog it will be with interest the further development of his overall anatomical construction and to view the progeny from this sire in the future.

Congratulations on being awarded the Vice-Sieger title and the grading of Excellent Merit.

**3<sup>rd</sup> \*CH. INDIO DI CASA NOBILI IPO1 a ED (Imp. Italy) – (Geck di Casa Nobili Sch.H2 (SWE) x Dolly di Casa Nobili (Italy)**

4 years 3 months. 65 cm. Standing within the desired standard of size, medium strong, substantial, very masculine dog of overall very good type and harmonious construction. Good length neck, good withers, firm back, slightly short and slightly steep croup. The upper arm should be a little longer and better angled. Very good hindquarter angulation. Stands correct in front. Very masculine head and expression with very good eye colour, very good masking of the skull and foreface, very good ear carriage. A dog that was released from quarantine in the last 9 months. Steps slightly narrow at rear, correct in front with very good firmness of hock joints, the elbows could be a little closer laying. Shows very good ground covering, free flowing movement with good back transmission showing a very good length of stride. A dog that was bred in Italy carrying the bloodline of his sire Marko della Valcuvia and via his motherline of Zamp Thermodos. While some of his progeny exhibited were very young, a daughter won minor puppy LSC bitch and stands in the type of her father. A dog that could be recommended to improve size, colouration, pigmentation and sex characteristics with some care to be exercised in the length and lay of the croup. I will watch with interest the progeny from this sire in the future.

Congratulations on being awarded the grading of Excellent Merit.
