SATURDAY

58.5 cm above medium size, medium strong, slightly stretched bitch of very good type, very good head and expression, level wither, firm back, slightly short slightly steep croup, very good fore and hind angulation, the upperarm while of very good length it is slightly steep, good forechest development, slightly short underchest. During movement steps slightly narrow behind, slightly loose elbows, shows good ground covering gait with good reach and drive, she maintains a good topline, but I would like to see both more effective at the fast gait. **VERY GOOD**

SUNDAY

59cm. Large, medium strong, black and gold bitch with a dark mask, the eyes are of a good shape but should be darker, she stands a little east west when viewed from the front, the upperarm should be a little longer and a little better laid, the hindquarter angulation should not be any deeper, very good length of foreleg, she requires a little bit more forechest development for her age, still good underchest development, the withers should be more pronounced, the back should be just a little firmer, slightly short slightly steep croup. Stepping behind the hocks are firm, the elbows should be firmer. During movement the ears should remain a little firmer and the drive and reach should be more pronounced. VERY GOOD

SATURDAY

61cm. Standing on the absolute maximum, medium strong, slightly stretched bitch of very good type and very good top and underlines, very good head and expression, medium eye, very good length and lay of the neck, good wither, firm back, just slightly short but well laid croup, very good fore and hindquarter angulation, the upperarm while of very good length is slightly steep, good forechest development and slightly short underchest. Steps correct front and rear, elbows still to find final firmness. During movement shows powerful drive and very good reach transmitted through a firm back. EXCELLENT

SUNDAY

60.5cm. A large, just slightly fine boned bitch of black and gold colour, standing correct viewed when from the front, good eye shape, size and medium colour, just slightly large well set ears, good reach of the neck, very good overline, just slightly short croup, the upperarm should be a little longer and little better laid, good hind angulation, ideally she should have just a little more forechest development, still good underchest development, the underchest line is not enhanced visually by her being out of coat. Stepping correct behind with good hock firmness, stepping a little wide in front the elbows should be a little firmer. During movement she shows good drive and reach through a firm back. The movement is free and energetic. Graded EXCELLENT

SATURDAY

64.5 height and 31cm depth of chest. Large, strong substantial male, of slightly stretched proportions and of very good breed type in slightly heavy condition, very good masculine head and expression, good wither, firm back, just slightly short but very well laid croup, very good fore and hind angulation, the upper arm should be just a fraction better angled and of better length, good forechest development, maximum chest development, steps correct front and rear. During movement shows very good ground covering gait, powerful drive, firm back. I would like the wither to stay a little higher and the reach to be slightly more expansive at the fast gait. EXCELLENT

SUNDAY

65cm. Large, medium strong, very well coloured well pigmented dog presented in too heavy condition, I would like to see him more animated. With a strong head structure and strong jaws, he has slightly pointy ears, standing correct viewed from the front, good withers, firm clean back, slightly short slightly steep well molded croup, good fore and hind angulation, balanced fore and underchest development. Stepping correct behind with good hock firmness, stepping correct in front, elbows a little open. During movement he should show more ground cover and he has a tendency to fall on the forehand. He should show much more enthusiasm during the movement exercise. EXCELLENT
