1 ***CASTASTAR GRINGO 'A' 'Z' Kylie Zimmerle** 4100285015

28 Dec 2016 Bred By: Mandy Doyle
Toby Von Der Plassenburg x Castastar Alexi

66/31 Oversize, Strong, Substantial, slightly stretched, well boned, male with a very strong masculine head, strong upper and low jaw, the expression is marred by the roll in the tips of the ears. Stands with a high wither, slightly infirm back, the croup is of good length, but set slightly step, good fore and pronounced hind angulation, very good length of foreleg, pronounced fore and under-chest, stands correct in front, moves slightly narrow going, hocks could be firmer, slightly narrow coming, during movement he shows very good reach and powerful drive, however he is presented in a slightly heavy condition today, which detracts from the overall presentation.
EXCELLENT

Dear Exhibitors,

Thank you for your good sportsmanship towards me and each other throughout the day, The highlight was to award the very lovely up and coming Black Long Stock Coat Male Lettland Flint Best in Show, In my opinion he is a very correct dog, who has very good ground covering movement, he is correct coming and going and is built for purpose, he could work all day every-day, congratulations to his team on his presentation, I wish the dog much success in the future.

In the younger classes I observed with concern some animals with the over angulation in the hindquarter, this is an area of great concern to me, as this is not correct for a German Shepherd Dog, they must be firm in hocks and have balanced movement, and dogs were penalised accordingly with this fault. In my opinion dogs that are too heavily angulated in the hind are not able to go any sort of distance as they are not built for purpose, the GSD is a working dog and we must look beyond coat and colour.

In the older classes I did not find this to be as much of a concern, however we do still have some animals still standing on the absolute upper limit of size, the fore-chest in some of these dogs, are narrow and dogs are slab sided and have no spring of rib. Just another observations generally from the day judging. I was pleased with the quality of the long stock coat female challenge winner from Junior Kaygarr Esther, an impressive young female, with correct development for her age. My stock coat female class winners I found to be the most correct with their overall firmness in hocks and their balanced movement.

I wish you all the best in your breeding program in the future and hope our shows can in the future return to some normality with entry numbers.

Regards

Sharon Ballantyne Gordon
